New York, NY
Sep 2020 – May 2024

PROFESSIONAL EXPERIENCE

Quantum Financial Advisors

[Remote] **Rockville, MD**

Asset Management Analyst

Sep 2025 – Nov 2025

- Led portfolio diagnostics across a **\$160M multi-asset platform**, identifying underperforming and overexposed positions and contributing to a **120- 180 bps improvement** in projected portfolio risk-adjusted returns through targeted rebalancing recommendations.
- Built an Excel-based surveillance model for **20+ structured-note positions**, monitoring barrier distance, coupon accrual, underlying performance, downside exposure, and maturity profiles to flag at-risk positions and support hold/rebalance recommendations.
- Produced **8 weekly investment and market briefs** using Bloomberg and FactSet, synthesizing rates, credit spreads, equity performance, volatility, and sector rotation into portfolio positioning recommendations for senior investment advisors.

Tigbourne Capital Ltd.

[Remote] **Lehi, UT**

Private Equity Associate - LATAM Infrastructure & Energy Team

Apr 2025 – Sep 2025

- Screened **200+ energy and infrastructure companies across 7 LATAM markets** and identified **\$50M–\$200M** acquisition and partnership opportunities based on asset quality, transaction feasibility, strategic fit, and prospective returns.
- Underwrote **30+ upstream oil & gas assets**, analyzing production curves, reserve quality, decline rates, lifting costs, water cut, maintenance CAPEX, development requirements, and asset-level cash flow economics to prioritize diligence candidates.
- Performed financial and commercial diligence on **10+ priority targets**, evaluating valuation, normalized cash flows, capital structure, transaction assumptions, downside cases, and sensitivity scenarios to support senior-team investment recommendations.
- Prepared investment committee materials and coordinated proprietary management outreach, advancing **3 opportunities to signed NDAs** and subsequent financial, operational, and transaction diligence.

Beamonte Investments

New York, NY

Private Equity Summer Analyst - FinTech

June 2024 – Aug 2024

- Screened and underwrote **8+ private equity opportunities**, analyzing revenue growth, TAM, CAC/LTV, churn, payback period, margin profile, cash conversion, competitive positioning, and valuation to support initial IC screening.
- Built a **5-year integrated three-statement and LBO returns model** for a fintech platform, stress-testing growth, pricing, margins, capital requirements, and exit scenarios to identify key value-creation levers and quantify IRR/MOIC outcomes.
- Developed a structured-credit underwriting model assessing borrowing-base availability, advance rates, collateral coverage, covenant headroom, leverage, liquidity, and downside recovery to determine credit capacity and downside protection.
- Synthesized commercial and financial diligence into investor materials supporting an **\$8M capital raise**, translating detailed analysis into a clear investment thesis, market positioning, growth strategy, and value-creation plan.

PROJECT & CAPSTONE

Columbia University and RBC Capital Markets

New York, NY

Quantitative Investment Research Analyst

Jan 2025 – May 2025

- Developed a Python-based quantitative screening model across **Russell 3000 equities**, integrating financial statements, dividend history, market performance, and macroeconomic indicators to flag securities exhibiting elevated dividend-cut risk.
- Engineered and back-tested **20+ fundamental and market risk factors**, applying machine learning and statistical analysis to achieve **92% predictive accuracy and 0.90 AUC** and identify the strongest leading indicators of dividend deterioration.
- Built an AI-enabled equity screening platform using Python and Streamlit, automating security-level risk scoring, ranking, and portfolio screening workflows and **reducing manual screening time by 60%**.

Dollarlingo (Financial Literacy Venture Project)

New York, NY

Co-Founder

Jan 2025 – Dec 2025

- Co-founded an education technology venture and developed the operating model, revenue strategy, customer segmentation, pricing framework, and institutional go-to-market plan for the high-school financial-literacy market.
- Conducted **50+ customer interviews** and analyzed customer demand, willingness to pay, purchasing criteria, and adoption barriers to refine product positioning and commercialization strategy.
- Conducted market sizing and competitive benchmarking, developed financial projections and investor materials, and structured pilot programs with **5 NYC charter schools** to validate demand and initial product-market fit.
